

2018 Wollondilly 250

Final Results

Masters Winners

Graham Pettit and Phill Stead

The 2018 Wollondilly 250

Final Results issued Monday 30th July 2018

Thank you all for supporting the Classic Rally Club by competing in the 2018 Wollondilly 250.

There were no complaints from Crews so the Results are now final. The event ran smoothly and the feedback has been positive.

Congratulations to the winners:

Masters: Phill Stead and Graham Pettit

Apprentices: Scott and Donna Wilkinson

Tour: Julie and Jeremy Braithwaite

Trophies will be presented at the CRC Meeting on Tuesday 28th August

A big thank you to Dave and Natalie Johnson who volunteered to take on the big job of scoring.

Another big effort was that of Tim McGrath. He was at the start before 7am to do Vehicle Safety Checks. Then he manned two Passage Controls by himself.

We also appreciate the help from all the other officials: Garth Taylor, Paul Morton, Glen and Joyce Innes, Gary and Wendy Maher, Tony Norman, Sue Reed, Tony Dirickx, Rob Mifsud and Kevin Craze. Family members who were roped in were my son David who drove me ahead of the field doing the Set Up and my wife Catherine. We also wish thank Penrith Panther's, Thirlmere Public School and the Picton Hotel.

Z Board summary

Love them or hate them Z Boards provide the best way to see if navigators are following the old mapped roads. This year we had 12 "real" ones and 2 false ones. Every board was found by at least one Crew. Over 4 years of running the Wollondilly Rally there has only been one Z Board that no one found. The details of how many Crews found them are listed below. Maximum 11 Masters and 8 Apprentices.

Z6 - 10 Masters & n/a Apprentices
Z10 - 3 Masters & 0 Apprentices
Z9 - 8 Masters & 1 Apprentice
Z2 - 0 Masters & 2 Apprentices
Z7 - 1 Masters & 0 Apprentices
Z4 - 2 Masters & 0 Apprentices
Z13 - 8 Masters & 5 Apprentices
Z1 - Deleted - Board taken down by local resident
Z12 - 3 Masters & 5 Apprentices
Z15 - 7 Masters* & n/a Apprentices (Scored as double jeopardy with S7)
Z14 - 8 Masters & 6 Apprentices
Z3 - 2 Masters & 2 Apprentices

More Explanations of the Results for Tour and Social Run

Update on the Nattai Bulli Colliery question. Crews who wrote 60 years, not 61 were only penalised 3 points (as being misspelt) not the full 11 points.

Regards,

Mike Batten and Peter Reed

The 2018 Wollondilly 250
Provisional Results issued Tuesday 24th July 2018

Thank you for competing in the 2018 Wollondilly 250.

These results are Provisional. Please let the organisers know if you have any queries or can see any mistakes. Corrections will be made as required. If there are no time consuming issues then the Final Results will be issued after 10 am on Friday 27th July.

Congratulations on being well behaved - very few cars lost points at the Radar speed locations in Blaxland and Yerrinbool.

The results have been broken down to show the Major and Passage Controls, VRCs and Z Boards where you lost points.

We have not itemised individual Questions and their answers. If anyone would like more information please contact Mike. He can scan and email your Road Card and send photos of some of the signs etc.

A PDF file with marked up maps showing the correct route and location of Boards is attached.

Explanation of Results for Masters and Apprentices

Z1 in Leg 2 has been neutralised. Unfortunately a local resident removed the Board before the passage of all the field.

There are times when a control (M or VRC) is shown with another one below in brackets: e.g. M4 (M1F). In this case, to prevent double jeopardy where you lose points twice, you will only receive one penalty

Z6 near the Start (Memorial Ave) has been neutralised for Apprentices. They had a Route Chart to Old Bathurst Road and should not have gone looking for Z Boards. No penalties for the 3 Crews who were keen enough to have a look.

The Passage Control in Mulgoa should have been visited only once and before Major Control M2 (Board M4 - correct or M1F - WD). Some Crews visited it twice and some visited it after M2. In both cases 30 points has been awarded for Incorrect Route (IR).

There were three False VRCs in The Oaks in Leg 1. Some Crews wrote down as many as all 3 of them. The good news is you will only be penalised for a maximum of one. (25 points for Masters & 5 for Apprentices)

There were 2 False Z Boards in Leg 2 - Z8 (visible from the closest RJ) & Z5. They were both on mapped roads when you were instructed to use an UM RD - ouch. Four Masters wrote down each of them (25 points) . Apprentices lost no points, however 6 of the 8 Crews wrote down the False Z8.

Z15 and VRC S7 in Tahmoor have been neutralised for Apprentices. It was too difficult for them as it was an example of double jeopardy. By missing the Z Board Crews would not find the VRC.

There is an "Other penalties" column. This was needed when we ran out of room for more columns. If anyone would like more information please contact Mike.

(Letter continued on next page)

Explanation of Results for Tour and Social

This is how we marked your answers: If you were completely wrong you lost 11 points. If misspelt - 3 points, if in the wrong box - 2 points and incorrect case or spacing one point.

Leg 1, Question 17 asked "During how many calendar years was Nattai Bulli Colliery open" The sign said 1932-1992, so you were meant to count each year for an answer of 61. Half the field had other ideas and wrote 60. You may be interested to know Mike started work there in 1979.

There has been negative feedback on the size of the printing on the signs for Questions. In our defence all Questions were located where the road was wide and there was room to pull over. One motive was to slow the Tour field down. Moving forward the club needs to decide on what is an acceptable standard.

Some Crews were not happy that a Question was asked regarding the colour of a dog on a letterbox. Would colour blind entrants please accept our apologies? For the record we accepted white, silver, white/grey, grey, silver/beige, white/silver and silver/grey. We didn't accept black horse!

Some Crews didn't seem to understand what an upside down VRC board meant. It indicates a missing Question and should be written in the correct question box and not upside down. You got a bit of practice as we had two of them and the first one you drove past twice (once when it was misleading and in Leg 2 when it was used correctly).

Even though Crews drove through The Oaks using a Route Chart many wrote down false VRC Boards, there were 3 of them. Remember if you see one straight ahead when you are turning onto a different road then you should not record it. On Sunday the maximum amount you were penalised was only 5 points.

Thanks for coming,
Mike Batten and Peter Reed
