

'THE LONG AND WINDING ROAD'

2020 DAVE JOHNSON HISTORIC POSTPONEMENT

The reason we like doing these Navigation Assemblies is about interaction with and between the crews; it's a very social thing to do. We had immense plans of doing things outside the square, something different not the same old Same Old of what competitors have been used to year after year but when the COVID-19 virus reared its head we were forced to make changes so the event could still run.

Earlier this week decisions made by our Federal Government, forced Mittagong RSL to cancel all bookings but we had planned a backup start and finish and each category had different routes. We kept positive that things would work out but after our Prime Minister's announcement along with Health Officials last night we have no other options but to **postpone the Dave Johnson Historic to a later date**, when things settle down, later this year maybe or in 2021, only time will tell.

Clerk of Course, Mal Sinfield, 25/03/2020
