

THE TWILIGHT ZONE - FINAL RESULTS

PAGE 1 OF 5

EXPLANATORY NOTE FOR TOUR & SOCIAL RUN ENTRANTS

- I must start by apologising for an administrative error - a stuff-up by myself - which has resulted in a full recount of Penalties as applied to Answers to Questions in the above 2 Categories.
- Because of the nature of full Route Chart Instructions, there have always been a large majority of Entrants who 'clean sheet' the Event for VRC's and Passage Controls. It has traditionally been the case that for TOUR and SOCIAL RUN categories the accuracy of recording Answers has had a greater significance, to allow for some separation in the point scoring system.
- Usual practice in the past has required that when recording Answers the following criteria apply:
 1. Spelling must exactly match the nominated signage, including the use of capital and lower case lettering.
 2. All words must be recorded in the correct sequence.
 3. All hyphens, apostrophes etc. must also be correctly recorded.
- An Entrant has alerted me to Clause 7.1 Penalties in the Supplementary Regulations for the Event where, in the last paragraph it only refers to 'Mis-spelt answers or incorrect sequence of words or numbers:' without any reference to capital or lower case lettering. In light of this omission I have had to accept all Answers that are spelt correctly regardless of capital and lower case letters. It has had a major impact on the scoring as advised in the PROVISIONAL RESULTS as previously issued and I apologise to all Entrants who completed their answers based on the traditional criteria.
- Once again I apologise to all Crews who have had their positions amended as a result of my administrative oversight.

TONY NORMAN - EVENT DIRECTOR

DIVISION I - MASTERS & APPRENTICES
